

**REVOLUTIONIZING
POWERFRAME DOCS SOLUTIONS
FOR ALL YOUR NEEDS**

INTRODUCTION

In today's fast-paced digital era, efficient and effective document management is crucial for businesses of all sizes. The ability to handle large volumes of data, collaborate seamlessly, and ensure document security is paramount. With the technology for forms changing, as well, now is a great time to evaluate your forms inventory and ensure your members and CU employees have the most up-to-date forms and technology supporting their needs. With a fully-trained staff and quick turnaround times, CUTEK stands as the ultimate outsourced solution to solve all your PowerFrame Docs needs.

Whether you have one form or over a hundred forms, CUTEK can provide expert-level programming services for all your PowerFrame Docs forms needs. CUTEK is a flexible partner who will match your needs with the appropriate combination of consulting, training, and custom programming resources.

For credit unions with 1-10 forms:

It's as simple as emailing projects@cutek.com with the forms you need coded. Include the source document, any requirements you may have for automation, fields, and workflows, and we will provide an estimate. Once approved your form will be delivered to you in a few weeks or less.

For credit unions looking to convert over 10 forms:

Email us samples of five documents to projects@cutek.com with the subject line as "Conversion estimate requested". For these samples, one form being the simplest, one form being the most complex (normally a membership or loan application), and three forms ranging in-between in complexity. We will estimate all five forms in detail allowing you to easily compare all remaining forms and giving you the flexibility to determine quickly if you decide to code them in-house or have our team complete the forms for you.

For credit unions looking to supplement internal resources:

CUTEK provides a workshop-style training where your developers learn PowerFrame Docs best practices, tips, and techniques while completing forms in your own backlog. These workshops allow hands-on training in your own environment and can assist in bringing their skills to the next level. We also offer code review on any forms coded by our developers so that your team can see how the more advanced concepts are executed and completed. Whether you're working with a small team or across multiple departments, CUTEK ensures smooth collaboration and increases productivity. Training is offered onsite, remote, and at our San Antonio office, throughout the year.

SUMMARY

CUTEK is a game-changer in the realm of PowerFrame Docs solutions, offering comprehensive and flexible options for efficient document conversion and creation. With our streamlined processes and collaborative options, CUTEK stands as the ultimate solution for credit unions seeking to enhance their document management workflows. Embrace CUTEK and experience a new level of productivity, collaboration, and efficiency in managing your PowerFrame Docs needs.
